Six (very) compelling reasons to become a “BG Photography Bride”:

- 1. Weddings are my specialty – not a sideline.** That’s what I’ve been doing for 31 years. You’ll be looking at these photos for a lifetime: you want to make sure your photographer knows how to capture the wonderful memories of this special day.
- 2. Dedication.** I pride myself in working hard to ensure that your wedding day is fun, easy and stress free. (Well, as stress-free as we can make it, anyhow!) I truly care about my clients. I love hearing about your love story, your wedding plans and just getting to know you.
- 3. Client Support.** You’ll benefit from the ideas and resources that all “BG Brides” get. Let’s work together to create some awesome pictures!
- 4. Creativity.** I will capture those sweet kisses. The laughter. And simply the joy you have when you are with the person you love. I have dozens of references (ask me!) who will tell you how I work.
- 5. Resources.** My **31 years** in the Triad wedding business can help you! I know who the top people are in all the other categories -- venues, florists, DJs, caterers, limousines, and so on. As a Member of the Triad Bridal Association, I work with nothing but the Best Vendors: I’m happy to help you sort out your needs.
- 6. I care!** I love having fun with my clients. But I also truly understand the trust and investment you put into my hands when you select me as your wedding photographer. This is your special day and I take it very seriously. I value you as my client and I am honored to be a part of your big day !
